

Commitments - Kathmandu Metropolitan City Office  
To Kitakyushu Initiative Network-5

Commit. 1

Continue & complete, with the leading initiative of central govt, the synergic effort to finalize the processes of public-Private Partnership <sup>venture</sup> in the waste management - converting wastes/garbage into socio-economic resource within 2 years to come (2010 - 2011)

Commit. 2

Continue the development of another (3rd) landfill site - Banchara dada which is highly concerned with the long term waste management, if the above 1 <sup>option</sup> is failed to meet.

For this

- \* compensate the acquired land
- \* develop road - black topped, etc.
- \* construct the proper site making infrastructures to meet the needs of semi-aerobic land-fill model
- \* coordinate the govt. agencies, other funding agencies, international bilateral & multilateral donors
- \* improve the social status of local people
