Kitakyushu Initiative for a Clean Environment

International Workshop on Community-based Solid Waste Management and Supporting National Policies

27-28 August 2008
Surabaya City, Indonesia

Organized by:
United Nations Economic and Social Commission for Asia and the Pacific (UNESCAP)
Institute for Global Environmental Strategies (IGES)
City Government of Surabaya, Indonesia
Overview of the Workshop

1. Achievements of community-based SWM in Surabaya and other cities in Indonesia
2. Supporting national policies for community-based SWM in Indonesia
3. Achievements of community-based SWM in other cities in the Asia-Pacific region
4. CDM application and a business model of composting
   • Field visit
5. Linking CSR activities and private sector resources with environmental management
Kitakyushu Initiative

- Kitakyushu Initiative for a Clean Environment
- Inter-city cooperation programme under UNESCAP
- Secretariat: IGES Kitakyushu Office
- Adopted at MCED* in 2000
- Over 60 cities in Asia-Pacific
- Until 2010 (2 more years)

*MCED: Ministerial Conference on Environment and Development in Asia and the Pacific, held every 5 years

Objective:
- City-to-city cooperation
- Collection of good practices
- Replication of good practices
Objectives of the Workshop

• How to replicate Surabaya’s achievement?
  – Roles of Local Governments
  – Supports by Central Government
  – Involvement of communities and NGOs
  – Involvement of the private sector

• See how it is replicated in other cities.

• Learn from other good practices.

---

Surabaya’s achievements

• 10% waste reduction in 3 years
• 1,500-1,600t/d (2005) → 1,300t/d (2007)
• 14 compost centres
• 20,000 units of household compost baskets
• Environmental Cadres
• Green & Clean Awards Campaign
Flow of the Workshop (Day-1)

Session 1: SWM achievements in Indonesia
- Learn the achievements in Surabaya.
- Learn how it is replicated in other cities.

Session 2: Supporting national policies
- Discuss how Central Government could support further replication.

Session 3: SWM achievements in other countries
- Learn achievements in other cities.

Session 4: CDM application and business model
- Learn how CDM is applicable for a compost project.
- Learn business models of a compost centre.
Flow of the Workshop (Day-2)

Field Visit:
• Planting partnership trees
• Visiting a community compost center of Pusdakota
• Visiting a model community in Gundih Sub-district
• Visiting a compost centre in Sukomanunggal Sub-district

Session 5: CSR activities and environmental management
• Learn how cities are linking CSR activities and private resources with environmental management activities.
• Discuss how those actual case studies are applicable in each city.
